The Semester of POSTDOCS

This semester we will let our Postdocs present their PhD and/or prior Postdoctoral work from before they arrived at NDSU. We will be holding two MOM's this semester with two different molecules. We will still come up with four teams where two teams will propose and present for the first molecule/MOM and the remaining two teams will present on the second date.

Date	Presentation	Problems
Jan 31	YongHua	Brandon
Feb 14	Santosh	Yoko
Feb 28	Masa	Digamber
Mar 7	Sukanya	Arvin
Mar 21	<i>Molecule of the Month</i>	Team 1 and 2
April 4	Julien	JR
April 18	Keisuke	Robert
April 25	<i>Molecule of the Month</i>	Team 3 and 4
